1. The Ordinance of 2015 concerning the Discipline Committee is replaced by the present Ordinance.
2. There shall be a Discipline Committee consisting of the President, two Tutors, and six others from among the Official and Professorial Fellows appointed by the Governing Body. All members of the Committee other than the President shall serve for four years and so far as is practicable shall retire in rotation, provided always that at least one member of the Committee shall be a Fellow in Law and that the Dean shall not be a member.
3. The President shall be the convening member and chair of the Committee, and shall keep or cause to be kept minutes of its decisions. The President, a Fellow in Law, and three other members of the Committee shall constitute a quorum, and decisions shall be taken by a simple majority of those present.
4. If the Committee is unable to achieve a quorum, the Master shall designate replacement members and a replacement chair as necessary from among the Official and Professorial Fellows eligible to serve.
5. Save as provided by this Ordinance and by the statutes and ordinances governing conflicts of interest, the Committee shall regulate its own procedure. The Committee shall be made aware of the College's Rules of Behaviour and other relevant rules and procedures.
6. The Committee shall be convened and the disciplinary authority of the Dean thereby excluded whenever
 - a. there is reasonable evidence that a member of the College *in statu pupillari* may have committed an offence punishable by any of the following: (i) expulsion or removal from the College, (ii) deprivation of a title or emolument belonging to a Scholar, (iii) exclusion from College accommodation, (iv) severe restriction of the member's capacity to engage in College life; or
 - b. the Committee's action is requested by the Master or the Dean.

The Ordinances Committee shall have sole authority to determine whether the Committee has jurisdiction to act on the basis of sub-paragraph (a)(iv) and may also advise generally on the application of this paragraph. The Dean shall not be considered a member of the Ordinances Committee for these purposes, but a Fellow in Law on leave of absence may be so considered.

7. The fact that any person has been or is liable to be prosecuted in a court of law in respect of any act, conduct, or behaviour under consideration shall not affect the jurisdiction and powers of the Committee; but if a matter is referred to the police, the Committee may adjourn for such time as is reasonable in the circumstances to enable a prosecution to be undertaken. The Committee shall inform the police of any evidence that it obtains of serious criminal conduct or

where it considers that someone may be at significant and immediate risk of harm. The Committee may disclose other information it obtains through this procedure to the police where formally requested to do so.

8. The Committee shall not proceed to the hearing of a charge unless a copy of this Ordinance and written notice of the time fixed for the hearing shall have been given both to the Respondent and to his or her Tutor at least two clear days before the hearing.
9. The Dean or someone appointed by the Dean shall present the charge or charges to the Committee. The Respondent shall be given the opportunity to appear before the Committee to make his or her defence and to speak in mitigation of punishment. Students appearing before the Committee may be supported or represented by their Tutor, and all persons so appearing may be supported or represented by an Official or Professorial Fellow of the College who is not a member of the Committee and is willing to act. While it is not necessary for persons who are appearing before the Committee to be legally represented, all such persons are entitled to arrange legal representation if they so wish.
10. The Committee may receive oral or written evidence or both, but it shall not take account of any evidence unless the Respondent has been given a reasonable opportunity to respond to it. Written evidence shall not be admitted unless the parties have been provided with copies of the statements at least two clear days before the hearing; at least two clear days' notice shall be given to the Respondent of any oral evidence which it is proposed to adduce.
11. If the Committee considers it necessary to put in place precautionary action, it may make such order as it thinks fit with respect to the residence or behaviour of the Respondent pending a final decision of the charge or charges. In making such an order the Committee shall consult the Senior Tutor and the University's Statutes & Ordinances, as appropriate.
12. After hearing the evidence and the submissions of the parties or their representatives, the Committee shall decide whether the charges or any of them have been proved according to the preponderance of the evidence. The Committee may also or alternatively decide that an offence has been proved which merits a lesser punishment than that upon which its jurisdiction was based.
13. The Committee shall thereupon prepare for adoption by the Governing Body a draft decision which shall contain (i) a statement of the charge or charges which the Committee finds to have been proved or not proved, (ii) an outline of the facts which the Committee finds to have been established in relation to the charge or charges, and (iii) an explanation of the Committee's determination to impose, withhold, or reduce one or more of the punishments specified in paragraph 6. A copy of the draft decision shall be sent to the Dean, and to the Governing Body Secretary, and to the Respondent, and to the Respondent's Tutor.
14. The draft decision shall constitute an item of Reserved Business at a Special College Meeting convened as soon as is reasonably practicable. A draft decision shall be deemed adopted unless it is either (i) objected to by a majority of the members of the Governing Body present and eligible to vote, or (ii) appealed to the Governing Body by the Respondent or by the Dean, respectively. For these

purposes, 'appeal' can also include a complaint about the Discipline Committee's procedure. Neither the Dean, nor the members of the Committee who participated in making the relevant decision, nor any Fellow who has represented the Respondent pursuant to paragraph 9 or who will do so pursuant to paragraphs 17 or 18 shall be eligible to vote on a draft decision or an appeal or to participate in the Governing Body's discussion of such draft decision or appeal.

15. An appeal of a draft decision shall constitute an item of Reserved Business at a Special College Meeting convened as soon as is reasonably practicable, and the Respondent and his or her Tutor shall be informed of the date and time.
16. Save as provided by this Ordinance and by the statutes and ordinances governing conflicts of interest, the Governing Body shall regulate its own procedure.
17. Where the appeal concerns the substance of the Committee's decision, the following provisions apply.
 - a. The Dean or someone appointed by the Dean shall present the charge or charges to the Governing Body. The Respondent shall be given the opportunity to appear before the Governing Body to make submissions relating to the Committee's decision. Students appearing before the Governing Body may be supported or represented by their Tutor, and all persons so appearing may be supported or represented by an Official or Professorial Fellow of the College who is not a member of the Committee and is willing to act. While it is not necessary for persons who are appearing before the Governing Body to be legally represented, all such persons are entitled to arrange legal representation if they so wish.
 - b. The Governing Body may rely on the Committee's findings of fact. No fresh evidence shall be adduced, nor shall any witnesses be recalled, without leave of the Governing Body. Such leave shall not be given unless the Governing Body is satisfied that it is necessary or expedient in the interests of justice. If leave is given, the Governing Body may adjourn the appeal and ask the Committee to reconsider the matter in the light of all the evidence, including any newly proffered evidence and any evidence which may be brought in rebuttal. In the event of such a referral, the Committee shall follow the same procedures as govern its initial hearing.
 - c. After reviewing the evidence, and the submissions of the parties or their representatives, the Governing Body shall decide whether to sustain or reject the appeal. In sustaining the appeal, the Governing Body may nevertheless decide that a different or lesser punishment is merited, and may either impose such a punishment or refer the imposition of punishment to the Committee.
18. Where the appeal concerns the process by which the Committee reached its decision, the following provisions apply.
 - a. The Committee Chair shall explain the process to the Governing Body. The Respondent shall be given the opportunity to appear before the Governing Body to make submissions relating to the Committee's process.

Students appearing before the Governing Body may be supported or represented by their Tutor, and all persons so appearing may be supported or represented by an Official or Professorial Fellow of the College who is not a member of the Committee and is willing to act. While it is not necessary for persons who are appearing before the Governing Body to be legally represented, all such persons are entitled to arrange legal representation if they so wish.

- b. After reviewing the evidence, and the submissions of the parties or their representatives, the Governing Body shall decide whether to sustain or reject the appeal. In sustaining the appeal, Governing Body shall further determine whether the flaw in the Committee's process was likely to have affected the substance of the Committee's decision.
 - i. If the flaw was likely to have affected the substance of the Committee's decision, the Master shall authorise a new Committee to hear and determine the initial charge(s) against the Respondent. The Committee shall comprise the Senior Tutor (Chair), and at least four from among the Official and Professorial Fellows who were not involved in the original hearing, one of whom shall be a Fellow in Law.
 - ii. If the flaw was not likely to have affected the substance of the Committee's decision, that decision stands but may be appealed under paragraph 17 above.
19. The provisions of this Ordinance shall apply, the necessary changes having been made, in the case of a charge against a graduate student or any other student not in *statu pupillari* other than a Fellow or a member of the Academic Staff as defined in the Statutes and Ordinances, and where a second Committee has been authorised to act under paragraph 18(b)(i) above.

2. The capital of the Fund may be used for the acquisition and development of land as an all weather hockey pitch and associated facilities. The capital of the Fund may also be used to assist in the financing of a replacement all-weather surface or associated facilities as and when the Governing Body determines that this is required.
3. The income of the Fund may be used for the maintenance, improvement and insurance of the hockey pitch at the discretion of the Senior Treasurer of the Amalgamated Clubs.
4. Any income remaining unspent in any year shall be added to the capital of the Fund.

1. This Ordinance is made in pursuance of Statute XLVI and references herein to “the Statute” are references to that statute.

Application of the Statute

2. (1) (i) The office of Lecturer (or College Lecturer) is hereby designated as an office to which the Statute applies by virtue of Section 3(1) of the Statute, provided that this sub-paragraph shall not apply to a Lecturer who is appointed on a part-time basis.

 (ii) A Lecturer is appointed on a part-time basis for the purpose of this sub-paragraph if the Lectureship does not provide him with his principal source of remuneration, disregarding any office or employment which is held otherwise than in the College or the University, or if the Governing Body resolves in relation to a particular appointment that, having regard to the limited duties and remuneration of the office, the Lectureship is a part-time Lectureship.

 (iii) Where a Lecturer is appointed jointly by the College and another college or colleges, or by the College and the University, or by the College and any other institution or institutions, he shall be deemed for the purpose of the Statute and this Ordinance to have a separate office of Lecturer within the College.
- (2) A person who is employed by the College in teaching or research on a part-time basis only and does not hold an office designated under sub-paragraph (1) of this paragraph is hereby excluded from the scope of Section 3(2) of the Statute on the ground that the duties in that regard are only of a limited nature, and accordingly such a person is not, by virtue of that employment, a person to whom the Statute applies.
- (3) A person holding a Chaplaincy or Research Fellowship is not a person employed by the College to carry out teaching or research within the meaning of Section 3 of the Statute and accordingly is not by virtue of that appointment, election or award a member of the academic staff to whom the Statute applies.
- (4) Where it is proposed that a Fellow should be deprived of his Fellowship under the provisions of Statute XIX, the Governing Body may direct that the determination of the cause of deprivation shall, subject to Statute XIX, be regulated by some or all of the provisions specified in Part III of Statute XLVI and in this Ordinance in respect of the removal of members of the academic staff for good cause, the expression ‘good cause’ being taken for this purpose only as referring to the several grounds on which a Fellow may be deprived under Statute XIX and not as bearing the meaning assigned in Section 4 of Statute XLVI.
- (5) Where it is proposed that a College officer who is not a member of the academic staff within the meaning of Statute XLVI should be removed or dismissed for good cause or required to retire on grounds of medical incapacity, the Governing Body may direct that the determination of such good cause or medical incapacity shall, subject to Statute XXXIII, be

regulated by some or all of the provisions specified in Parts III and IV of Statute XLVI and in this Ordinance in respect of members of the academic staff, and (without prejudice to any other right of appeal he may enjoy) such College officer shall have the same rights of appeal under Part V of Statute XLVI as members of the academic staff, save that the provisions of this sub-paragraph shall not confer any rights in respect of the termination of an appointment by expiry of tenure.

Hearings by a Disciplinary Committee under Part III of the Statute

3. (1) If the Master has determined that a charge or charges against a member of the academic staff should be considered by a disciplinary committee, he shall forthwith summon a special meeting of the Governing Body to appoint such a committee under Section 15 of the Statute. Save where the Statutes provide otherwise, the person charged shall not be entitled to attend the meeting.
- (2) The Governing Body shall appoint three persons selected from the panel constituted under Section 16 of the Statute, and shall designate one of the persons so appointed to be chairman. The Governing Body may at the same time conditionally appoint a further person or persons from the panel to serve in place of any person who is unable or unwilling to serve on the committee. The person to be charged before the committee shall be informed of the appointments by the Secretary to the Governing Body and shall be entitled within two days to object for good cause to any member appointed to serve on the committee. The Governing Body shall rule on any such objection, and may if it sees fit set aside any appointment and make a new appointment from among the remaining members of the panel. The decision of the Governing Body upon any such objection shall be final. When the committee is appointed, the Secretary to the Governing Body shall send a copy of the Statute and of this Ordinance to the person to be charged.
- (3) If any person selected is unwilling or unable to serve on the committee, he shall immediately inform the Secretary to the Governing Body, and if no further person has already been conditionally appointed the Governing Body shall thereupon appoint another person to act in his place and shall, where necessary, designate a new chairman; but subject to the preceding sub-paragraph no replacement shall be made after a person has agreed to serve.
- (4) The Governing Body shall further appoint
 - (i) a suitable person to act as secretary of the committee; and
 - (ii) a suitable person to formulate a charge or charges in writing and to present, or arrange for the presentation of, the charges before the committee.Such persons shall not be members of the committee.
- (5) With the consent of the Governing Body, the chairman may appoint a legal adviser to assist the committee in such manner as the committee may decide; provided that the committee shall alone make any findings, determinations and recommendations.

4. (1) If, after the committee has been appointed, a member of the committee becomes unable or unwilling to act, the remaining members shall continue to act, so long as there remain two members willing and able to act, but not otherwise; and where necessary the Governing Body shall designate one of the remaining members to be chairman. If more than one member becomes unwilling or unable to act, the Governing Body shall appoint a new committee to act *de novo* in the matter.
 - (2) A decision of the committee may be taken by a majority thereof. Where there remain only two members of the committee, any decision shall be unanimous.

5. (1) The parties to a hearing by the committee shall be:
 - (i) the person charged;
 - (ii) the person appointed by the Governing Body to formulate the charges; and
 - (iii) any person who shall be added as a party by the committee on application or on its own motion.
 - (2) Any party to a hearing by the committee shall be entitled to be represented by another person, whether such person is legally qualified or not, in connection with or at any hearing by the committee. The party wishing to be so represented shall inform the chairman and the other parties in writing of the appointment or dismissal of any representative on his behalf, and shall give notice whether any papers or notices in connection with the case should be sent to that representative in substitution for or in addition to the person charged.

6. (1) The person appointed to formulate the charges, either himself or through the person presenting the charges, shall send to the secretary of the committee written notice of the charge or charges to be brought before it, and the particulars thereof, and shall send with the notice a copy of any documents which it is proposed to produce and a list of all witnesses whom it is proposed to call, together with statements of the evidence that they are expected to give.
 - (2) After consultation with the person charged and with the party presenting the charges, the chairman of the committee shall fix the date, time and place for the hearing. The chairman shall have power, if the circumstances require it, to cancel a hearing so arranged at any time before the commencement of the hearing, and to fix a different date, time, and place.
 - (3) Not later than fourteen days (or such shorter period as may be agreed between him and the parties) before the date so fixed the secretary of the committee shall send to each party (a) a notice of the hearing which shall contain information and guidance as to attendance at the hearing, the calling of witnesses and the production of documents, representation by another person and the use of written submissions, and (b) a copy of the charge or charges and of the other information contained in or sent with the notice specified in sub-paragraph (1) of this paragraph.
 - (4) Not later than two days before the date appointed for the hearing the person charged and any other person who has been added as a party shall forward

to the secretary of the committee and to the other parties a copy of any documents he wishes to present and a list of all witnesses he proposes to call, with statements of the evidence they are expected to give.

- (5) It shall be the duty of the person presenting the charges to make any necessary arrangements for the summoning of witnesses, the production of documents and generally for the proper presentation of the case before the committee.
 - (6) No new witness or documentary evidence may be introduced by the person presenting the charges, beyond those of which notice has been given under sub-paragraph (1) of this paragraph, without the consent of the committee, and that consent shall not be given except for good reason. If such late introduction is permitted, the person charged shall be allowed an adjournment sufficient to allow him to consider and respond to the new evidence and to introduce further evidence in rebuttal.
7. (1) The fact that any person has been or is liable to be prosecuted in a court of law in respect of an act or conduct which is the subject of the proceedings before the committee shall not affect the jurisdiction and powers of the committee under the Statute; but the committee shall consider the advisability of referring the matter to the police and, if the matter is so referred (by the committee or otherwise), it may adjourn its proceedings for such time as is reasonable in the circumstances to enable a prosecution to be undertaken.
- (2) Evidence that a person has been convicted of an offence by or before any court of law, or that any court of law has found an offence with which he was charged proved, shall, for the purpose of proving that he committed the offence or was guilty of any act or conduct in respect of which he was so charged or convicted, be admissible in any proceedings before the committee.
8. (1) A charge shall not be determined without an oral hearing at which the person charged and any other parties to the hearing are entitled to be present together with their representatives, if any. Where the person charged is unrepresented, he shall be entitled to be accompanied by another person who is not a witness in the proceedings. Nothing in this sub-paragraph shall entitle the parties to attend meetings of the committee held before or after the hearing.
- (2) The committee shall have power, if it thinks appropriate in the circumstances, to hear charges against two or more persons at the same hearing.
- (3) The committee may sit *in camera* or otherwise at the discretion of the chairman, provided that if the person charged so requests the committee shall conduct the hearing *in camera*.
- (4) The committee shall have power to proceed with a hearing in the absence of the person charged or of his representative and, notwithstanding the provisions of sub-paragraph (1) of this paragraph, the chairman shall have

power to exclude any person from a hearing if in his opinion such exclusion is necessary for the maintenance of order.

- (5) Each party to a hearing before the committee, or his representative, shall be entitled to make opening statements, to give evidence, to call witnesses, to question any witness concerning any relevant evidence, and to address the committee after the evidence has been heard; provided that, if the person charged chooses to be represented by any other person, he shall not also be entitled to speak at the hearing, otherwise than as a witness, without the consent of the chairman.
 - (6) Subject to the provisions of the Statute and of this Ordinance, the committee shall regulate its own procedure. The chairman may set time-limits for each stage of the proceedings, and any meeting may be postponed or adjourned at the discretion of the chairman. It shall be the duty of the committee and of the chairman to ensure that a charge is heard and disposed of as expeditiously as is reasonably practicable.
 - (7) The committee shall have power to dismiss a charge for want of prosecution.
9. (1) The committee shall not find a charge proved unless it is satisfied that the charge has been proved beyond reasonable doubt.
- (2) If the person charged chooses not to give evidence or refuses, without good cause, to answer any question, the committee may, in determining whether the charge has been proved, draw such inferences as appear proper from the failure of the person charged to give evidence or from his refusal, without good cause, to answer any question.
- (3) If the committee finds a charge proved it shall give the parties an opportunity to address it in respect of the penalty or other course of action to be recommended.
10. (1) The secretary of the committee and the committee's legal adviser, if any, shall be entitled to be present throughout the hearing and at any meeting of the committee, and the secretary shall keep a sufficient record of the proceedings of the committee.
- (2) The decision of the committee shall be recorded in a document, signed by the chairman, which shall contain
- (i) its findings of fact;
 - (ii) the reasons for its decision; and
 - (ii) its recommendations.

The chairman shall have power by certificate under his hand to correct the document if it is found to contain any clerical errors arising from accidental mistakes or omissions.

- (3) The secretary of the committee shall send a copy of the document recording the decision to the Master, the person charged and any person who shall have been added as a party. He shall ensure that a copy of Part V of the Statute accompanies each copy so sent, in order to draw attention to the period of time within which any appeal should be made.

11. The College shall meet all proper costs of members of the committee and of its secretary and legal adviser, if any.

Hearings by a Medical Board under Part IV of the Statute

12. (1) Where it appears to the Governing Body (or in any case of urgency the Master) that it is necessary to refer a case to a medical board under the provisions of Part IV of the Statute, the Governing Body shall appoint a person to present the case to the board. The Secretary to the Governing Body shall forthwith send a copy of the Statute and of this Ordinance to the member of the academic staff whose possible retirement on medical grounds is to be considered by the board, herein referred to as the member concerned.
 - (2) When the board has been constituted under the provisions of Section 23(3) of the Statute, the Governing Body shall appoint a secretary to the board on the nomination of its chairman.
 - (3) With the consent of the Governing Body, the chairman may appoint a legal adviser to assist the board in such manner as the chairman may decide; provided that the board shall alone determine the case.
13. (1) If, after the board has been constituted, a member of the board (other than the chairman) becomes unable or unwilling to act, the remaining members shall continue to act, provided (a) that the party who nominated that member (or his representative) consents and (b) that there remain two members willing and able to act. In any other case the Master shall discharge the board and a new board shall be constituted in accordance with the provisions of Section 23(3) of the Statute.
 - (2) A decision of the board may be taken by a majority thereof. Where there remain only two members of the board, any decision shall be unanimous.
14. (1) The parties to a hearing by the board shall be:
 - (i) the member concerned; and
 - (ii) the person appointed by the Governing Body to present the case to the board.
- (2) The member concerned shall be entitled to be represented by another person, whether such person is legally qualified or not, in connection with and at any hearing by the board. The appointment of such a representative shall be made in writing by the member concerned or by any person having authority in law to act on his behalf, and the appointment may similarly be revoked in writing at any time. Notice of any appointment or revocation shall be given to the secretary of the board and to the person presenting the case. Service on the representative of any paper or notice in connection with the case shall constitute sufficient service upon the member concerned; and any consultation with the representative, and any action taken by the representative within the scope of his authority, shall be binding on the

member concerned. References in this Ordinance to the member concerned shall, where appropriate, refer to or include reference to his representative.

15. (1) The person presenting the case shall send to the secretary of the board a written statement of the case and the relevant medical evidence, and shall send with the statement a copy of any documents which it is proposed to produce and a list of all witnesses it is proposed to call, together with statements containing the evidence they are expected to give.
 - (2) After consultation with the member concerned and with the person presenting the case, the chairman of the board shall appoint a date, time and place for the hearing, and he shall have power, if the circumstances require it, to cancel a hearing so appointed at any time before the commencement of the hearing and to appoint a different date, time, or place.
 - (3) Not later than fourteen days (or such shorter period as may be agreed by him with the parties) before the date appointed for the hearing, the secretary of the board shall send a notice of the hearing to each party and to any representative appointed under sub-paragraph (2) of paragraph 14. The notice shall include (a) information and guidance as to attendance at the hearing, the calling of witnesses and the bringing of documents, representation by another person and written submissions, and (b) a statement of the case, together with a copy of the documents and other information specified in sub-paragraph (1) of this paragraph.

~~(Minutes 113/07 & 130/07, REPEALED 140/10 & 153/10)~~

- ~~(a) Any member of the Governing Body who has a material interest, not being an excluded interest, in any matter of business before the Governing Body shall declare that fact at each Meeting in which such business is under consideration. A declaration is not required where the interest relates to a matter of business solely for report to the Governing Body. Each Governing Body Agenda shall contain an item 'Declaration of Interests'.~~
- ~~(b) If the material interest in question is a pecuniary interest, then the member declaring it may express his or her views on the matter of business but shall withdraw while the matter of business is under consideration and voted upon.~~
- ~~(c) If the material interest is not a pecuniary interest, then the member declaring it may express his or her views on the matter of business but shall then withdraw while the matter of business is under consideration and voted on, unless the Governing Body shall have determined that the member declaring it may remain for the whole of the discussion. If the Governing Body has permitted the member to participate in the discussion, then it may nevertheless determine that the member must withdraw at the time of the vote.~~
- ~~(d) Where a member withdraws in accordance with paragraph (b) or (c) above, that fact shall be recorded in the Minutes of the meeting. Any resolution of the Governing Body under paragraph (c) above shall be recorded in the Minutes of the meeting at which it is made. The Governing Body shall exercise its discretion as to the making of determinations under paragraph (c) above in the absence of the member concerned, provided that he or she shall first have had an opportunity to express his or her view as to how the Governing Body should exercise that discretion.~~
- ~~(e) No decision or resolution of the Governing Body shall be invalidated by reason that votes were cast by persons who were ineligible to vote by virtue of this ordinance or that such persons were reckoned in calculating a necessary majority.~~
- ~~(f) An interest is an excluded interest for the purpose of this ordinance if
 - ~~(i) it is an interest which arises from a general review of the terms and conditions applying to College Offices;~~
 - ~~(ii) it is an interest which arises from a review of Directors of Studies' terms and conditions;~~
 - ~~(iii) it is a non-pecuniary interest which arises from the holding of an office or position in the College, where another person holding such an office or position in the College would have a similar interest; or~~
 - ~~(iv) it is a non-pecuniary interest arising from membership of a Faculty or Department in the University, or the holding of an office or position in the University, where other members of the Faculty or Department or other persons holding such an office or position in the University, as the case may be, would have a similar interest.~~~~

- ~~(g) In the case of the Master, Senior Bursar and Senior Tutor, the exclusion in (f)(i) applies only to an increase in their respective stipends in accordance with a general percentage stipend increase, and not to other matters affected by any such general review.~~
- ~~(h) A Fellow's interest in his or her election or re-election to a Fellowship or appointment or re-appointment to any paid office or position in the College is not excluded, but matters concerning appointment or re-appointment to any unpaid position in the College are excluded. This provision is in addition to Statute IV.15. An interest which arises from a general review of the College statutes, or from a general review of Fellowship terms and conditions, is excluded.~~
- ~~(i) Members of the Governing Body, on election or re-election to the Governing Body, shall register their material interests with the Secretary, who shall record that information in a Register kept for the purpose. Members of the Governing Body shall notify the Secretary in writing of (a) any new material interest occurring during the course of their membership whenever such new material interest occurs, and (b) the cessation of any material interest previously recorded. - ~~(j) The Register of Interests shall be available for inspection by any member of the Governing Body and by a properly authorised officer of the Charity Commission acting in that capacity. All other requests for information contained in the Register shall be governed by the relevant legislation governing freedom of information and data protection.~~
- ~~(k) Subject to paragraph (l) below, a material interest is any interest which may influence the judgment of the person possessing it, or may reasonably appear capable of influencing that person's judgment, so that the judgment may not be exercised wholly and exclusively in the interests of the College. The Governing Body may issue more specific guidance from time to time on what constitutes a material interest.~~
- ~~(l) An interest shall not be a material interest unless the person having that interest either knows about it or ought reasonably to be aware of it. A company directorship or charity trusteeship shall not constitute a material interest unless there is a reasonable possibility that the company or charity, as the case may be, may be engaged in any business, appeal, or transaction involving the College.~~
- ~~(m) If the Master considers that any member or members of the Governing Body may have an interest which should be treated as a material interest for the purposes of paragraphs (a) to (d) above, then the Master may ask the Governing Body to determine the matter. The Governing Body shall then determine it in the absence of the member or members concerned, after hearing his, her or their views, and the Governing Body's decision shall be binding on the member or members concerned. For the purpose of this paragraph, the Governing Body may set aside the rules above relating to excluded interests.~~
- ~~(n) The above rules, with the exception of those contained in paragraphs (i) and (m) above, shall apply with necessary modifications to all voting members of~~

~~committees, working parties and other bodies constituted by the Governing Body, and an Executive Council as provided in Statute V, for which paragraph (m) shall apply, as they apply to the Governing Body, except in so far as they may be specifically disapplied by decision of the Governing Body.~~

(Minutes 140/10 & 153/10, amend 76(ii)/21 & 98(ii)/21)

- 1) Where practically possible, a member of the Governing Body shall be excluded from decisions made on behalf of the College in matters where that member has a material interest.
- 2) Subject to the following provisions of this paragraph, a material interest is any interest which may influence the judgment of the person possessing it, or may reasonably appear capable of influencing that person's judgment, so that the judgment may not be exercised wholly and exclusively in the interests of the College. The Governing Body may issue more specific guidance from time to time on what constitutes a material interest.
 - a) An interest shall not be a material interest unless the person having that interest either knows about it or ought reasonably to be aware of it.
 - b) A company directorship or charity trusteeship shall not constitute a material interest unless there is a reasonable possibility that the company or charity may be engaged in any business, appeal, or transaction involving the College.
- 3) The Governing Body shall establish a Register of all members' material interests. The Bursar or the Secretary shall maintain the Register and carry out an annual review of members' entries.
 - a) Every new member shall complete an entry to the Register and return it to the Bursar or Secretary before attending a College Meeting. Thereafter, all members shall review and update their entries on an annual basis prior to the external audit in August.
 - b) The Register shall include a statement of membership of any faculty or Department in the University, and the holding of any office or position in the University
 - c) The Register shall be available for inspection by any member of the Governing Body and by a properly authorised officer of the Charity Commission acting in that capacity. All other requests for information contained in the Register shall be governed by the relevant legislation governing freedom of information and data protection.
- 4) College meetings shall be conducted so as to identify those members with material interests.
 - a) The agenda of every College Meeting shall contain an item 'Declaration of Interests'.
 - b) Any member who has a material interest in any matter of business before the Governing Body shall declare that fact at each College Meeting in which such business is under consideration.
 - c) A declaration is not required where the interest relates to a matter of business solely for report to the Governing Body.

- 5) If the person presiding at a College Meeting considers that any member may have a material interest, then the person presiding may ask the Governing Body to determine the matter. The Governing Body shall then determine it in the absence of the member concerned, after hearing the member's views, and the Governing Body's decision shall be binding on the member concerned.
- 6) Subject to paragraph 8, any member who has a material interest in a matter of business may express views on the matter and respond to questions, but shall then withdraw while it is under consideration and voted on.
- 7) Where a member withdraws in accordance with paragraph 6, that fact shall be recorded in the Minutes of the Meeting.
- 8) This paragraph applies where a material interest is widely held among members, such that withdrawal by all of the conflicted members would render the Meeting inquorate. In that situation, the Governing Body shall take full regard of all relevant circumstances and determine whether a fair and reasonable decision on the matter is nevertheless possible.
 - a) The Governing Body may determine that the conflicted members, or some of them, can fairly and reasonably decide the matter, despite the conflict of interest.
 - b) The Governing Body may determine that the matter should be postponed to a future College Meeting.
 - c) The Governing Body may determine that the nature of the conflict of interest is such that a fair and reasonable decision on the matter is not possible, in which case it must be referred to the Charity Commission.
- 9) Members with a material interest may participate in the making of a determination as provided in paragraph 8. However, a member whose interest arises by virtue of a stipend from the College, where that stipend derives from at least a half-time employment, shall neither participate in the making of such a determination, nor in a decision authorised under sub-paragraphs (a) or (b) of paragraph 8.
- 10) This paragraph applies where a decision or recommendation comes to the Governing Body from a committee, working party, or other body constituted by the Governing Body (hereafter 'a committee'), and the decision or recommendation has been made wholly or in part by members with a material interest.
 - a) The person presiding shall draw the Governing Body's attention to the circumstances in which the committee's decision or recommendation was made.
 - b) The Governing Body must take due account of the fact that the committee's decision or recommendation was made following a process that involved the participation of conflicted members.
- 11) No decision or resolution of the Governing Body shall be invalidated by reason that votes were cast by members who were ineligible to vote by virtue of this ordinance or that such members were reckoned in calculating a necessary

majority, nor shall any member who acts with due care, skill, and prudence be personally liable for any loss sustained through his or her participation in that decision or resolution.

- 12) Subject to the following provisions of this paragraph, paragraphs 1-9 shall apply with necessary modifications to all voting members of committees, except in so far as they may be specifically disapplied by decision of the Governing Body.
 - a) Paragraph 3 does not apply to committees.
 - b) A committee applying paragraph 8 shall treat as a relevant consideration the fact that it is merely making a recommendation to the Governing Body in any circumstances in which its role is thus limited.
 - c) In paragraph 8(c), the words 'referred to the Governing Body' shall be substituted for the words 'referred to the Charity Commission'.
 - d) Whenever a Committee applies paragraph 8(a) to make a recommendation to the Governing Body, a statement to that effect must accompany the recommendation concerned.
- 13) The above rules shall apply with necessary modifications to all voting members of an Executive Council as provided in the College's statutes and ordinances, except in so far as they may be specifically disapplied by decision of the Governing Body.

(Minutes 91/18 & 113/18, amend 116/19 & 140/19, amend 95/20 & 110/20)

Whereas it has been found appropriate to make explicit provision for College governance and administration during vacation periods when the College's Governing Body might not be able to meet, it is declared and directed that:

- 1) The decision of M.49(v)/18, taken at the College Meeting of March 16 2018 is hereby rescinded.
- 2) During the periods between the Full Terms of an academic year and between academic years, matters of College governance and administration shall be dealt with as follows:
 - a) Those matters which are by convention submitted to the Governing Body for information shall be dealt with by the relevant College decision-maker(s) and submitted for information to the first College Meeting of the next Full Term or academic year.
 - b) Those matters which are by convention submitted to the Governing Body for decision shall be dealt with, subject to sub-paragraph (vi) below, by the Vacation Powers Committee described herein and submitted for information to the first College Meeting of the next Full Term or academic year.
 - i) The Vacation Powers Committee shall have authority to act during the vacation periods, subject to a withdrawal of authority by the Governing Body.
 - ii) The Committee shall at a minimum comprise the Master, President, Bursar, Senior Tutor, Operations Director, and two from among the Official or Professorial Fellows identified by the Governing Body who do not hold senior College Offices. If possible, one of the Official or Professorial Fellow identified by the Governing Body should be a Law Fellow, and both may be appointed for terms of up to four years.
 - iii) The Committee may meet in person or electronically, and may take decisions by circulation. A valid decision requires the participation of at least 50% of members. Meetings shall normally be chaired by the Master or the President. In their absence, another member of the Committee may serve as Chair. Any member may request a meeting.
 - iv) In exercising its authority, it shall be the Committee's responsibility to consider whether the views of particular Fellows or of a wider segment of the Fellowship should be sought, recognising that it is good practice generally for decision-makers to canvas views as widely as is reasonably possible.
 - v) The Committee may appoint additional members and shall do so if 50% of its members become unable to participate in the work of the Committee. Additional members shall be appointed on the advice of the Nominations Committee.

- vi) The Committee may resolve not to make a decision where a matter is in the Committee's opinion too complex to be decided other than by the Governing Body and/or where a delay would not adversely prejudice the interests of the College or relevant persons concerned. Such matters shall be submitted for decision at a College Meeting during the vacation or at the first College Meeting of the next Full Term or academic year.
- c) Those matters which must be submitted to the Governing Body for decision according to Parliamentary, University, or College statutes; College ordinances; or the Minutes of the Governing Body, shall not be decided by the Committee unless all of the following apply:
 - i) a valid College Meeting cannot be held;
 - ii) delaying the decision would adversely prejudice the interests of the College or relevant persons concerned, and
 - iii) the Committee has taken all reasonable steps to obtain approval for the decision from the members of the Governing Body.

If the Committee makes a decision on such a matter, it shall seek retrospective approval for the decision at the next College Meeting.

- 3) Nothing in this ordinance shall prevent standing committees and working-groups from meeting and bringing matters for decision by the Vacation Powers Committee. For the avoidance of doubt, the College's statutory provisions on convening College Meetings remain unaffected.

(Minutes 35(ii)/21 & 50(ii)/21)

Whereas, in addition to a generous unrestricted bequest to the College, the late Dr Glen Cavaliero (1965), former Research Fellow and Fellow Commoner, also left a specific legacy for the relief of student hardship, it is declared and directed that:

1. The sum so given, with any additions made thereto from time to time, shall be invested by the Bursar and shall be known as the Cavaliero Bursary Fund. The annual income of the Fund shall be added to the capital of the fund.
2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
3. From the amount so appropriated, one or more Cavaliero bursaries may be awarded to assist undergraduate or postgraduate members of the College in financial need, on the recommendation of the Financial Tutor and the Postgraduate Tutor responsible for student finance.
4. In accordance with its statutory power to apply the surplus income of a fund within the general educational purposes of the College, any remaining portion of the amount so appropriated shall be used in the following order of preference:
 - (i) to support the Fellowship costs of the Cavaliero Fellow;
 - (ii) to support the study of English in the College.
5. Any portion of the amount so appropriated under paragraph 2 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.
6. The capital of the Fund shall not be used for any other purpose without the approval of the Governing Body.
7. Recipients of bursaries from the Fund shall be made aware of the provenance of their award.

171. **THORNE MEMORIAL FUND**
(Minutes 104(iii)/21 & 126(iii)/21)

Whereas in 1938 Lord Austin, Mr Harold Leslie Kenward, Mr Samuel George Davies, Mr Frederick David Harold Burcher, and Mr Kenneth Cuthbert Johnson-Davies (BA, 1920) created a trust in memory of Mr William Treble Thorne for the purpose of establishing one or more exhibitions to assist undergraduate members of the College who were the sons of persons engaged in the motor trade and associated with the Motor Trade Association, and whereas Thorne Memorial Exhibitions were established by the College and awarded until 1967, when the (British) Motor Trade Association became an educational trust, after which exhibitions and bursaries were awarded to student members of the College in harmony with the purposes of the original gift and the BMTA Trust, and whereas it is thought fitting to embody and record the terms in this Ordinance, it is now declared and directed that:

1. The sum so given, with any additions made thereto from time to time, shall be invested by the Bursar and shall be known as the Thorne Memorial Fund. The income from the Fund shall be added to the capital of the Fund.

2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.

3. The amount so appropriated shall be applied towards the following purposes in order of preference, on the recommendation of the Senior Tutor and the Postgraduate Financial Tutor(s):

(i) to support bursaries, including entrance bursaries, for student members of the College who are the children of persons employed in the motor industry;

(ii) to support bursaries for student members of the College studying automotive design or manufacture;

(iii) to support bursaries for student members of the College.

4. Awards wholly or significantly supported by the Fund shall be designed 'Thorne Memorial Bursaries' or in some suitable way that recognises the contribution of the Fund.

5. Any portion of the amount so appropriated under paragraph 2 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.

6. The capital of the Fund shall not be used for any purposes other than those in this Ordinance without the approval of the Governing Body.

172. **FELLOW BENEFACTORS**
(Minutes 104(iv)/21 & 126(iv)/21)

Whereas the Governing Body created the title of Fellow Benefactor to recognise persons who have made extraordinary financial contributions to the College, and whereas it is fitting to specify the procedures for conferring such title and the conditions to which it is subject, it is now declared and directed that:

1. Subject to this Ordinance the Governing Body may elect Fellow Benefactors upon such terms and in such numbers as it shall think fit.
2. Fellow Benefactors shall be nominated by the Master, the Senior Tutor, and either the Bursar or the Development Director from those persons who have made a donation to the College worth at least £1,000,000, excluding Gift Aid.
3. The procedure for the election of Fellow Benefactors shall be the same in effect as that prescribed in the Statutes and Ordinances for the nomination and election of Fellows. Fellow Benefactors shall make a declaration similar to the Fellows' declaration upon admission, save that it shall omit the words 'et quantum in me est ab aliis sociis faciam observari'.
4. Fellow Benefactors shall be elected for life, but the Governing Body may at any time revoke the title for grave cause, which shall include conduct which brings the College into disrepute, bearing in mind the College's charitable purposes for the public benefit.
5. The privileges of Fellow Benefactors shall be determined by the Governing Body from time to time.
6. Fellow Benefactors are not Fellows for the purpose of the Statutes and Ordinances.
7. Nothing in this Ordinance shall prevent the Governing Body from conferring a different Fellowship title, such as Fellow Commoner, instead of Fellow Benefactor, upon a person who would also qualify for the latter title.

173. **OUTREACH SUPPORT FUND**
(Minutes 170(i)/21 & 191(i)/21)

Whereas the College has received sums of money from College members and others desirous of strengthening the College's work to widen access to a Cambridge education by encouraging applications from academically strong students of all backgrounds, which sums have been invested and the income spent in accordance with the terms of these gifts; and whereas it is thought fitting to embody and record these terms in this Ordinance, it is now declared and directed that:

1. The sums so given, with any additions made thereto from time to time, shall be invested by the Bursar and known as the Outreach Support Fund. The annual income of the Fund shall be added to the capital of the Fund.
2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
3. From the amount so appropriated, the College may make one or more allocations to support its access and widening participation work, including but not limited to the salaries of a Schools Liaison Officer and an Outreach Manager, the costs of in-person and virtual Open Days and Subject Taster Days, and the travel and other expenses arising from school visits and hosting student visitors to the College. Allocations shall be authorised by the Senior Tutor.
4. Any portion of the amount so appropriated under paragraph 2 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.
5. The capital of the Fund shall not be used without the approval of the Governing Body.

174. **SPORTS ENDOWMENT FUND**
(Minutes 216/21 & 6/22)

Whereas several College members and supporters have made donations to the College in order to establish a fund to support sport in the College, it is declared and directed that:

1. The sums so given, with any additions made thereto from time to time, shall be invested by the Bursar and shall be known as the Sports Endowment Fund. The annual income of the Fund shall be added to the capital of the fund.
2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
3. The amount so appropriated shall be used to support College sport and the activities of the several College sports clubs through, for example, the provision of coaching or the funding of other costs related to the provision of sport such as groundskeeping, boathouse management, the purchase of equipment, or the construction, renovation, or extension of facilities. Expenditures shall be authorised by the Senior Treasurer of the Amalgamated Clubs and the Operations Director.
4. Any portion of the amount so appropriated under paragraph 2 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.
5. Where appropriate, expenditure from the Fund shall be recorded by a plaque or other suitable memorial.
6. The capital of the Fund shall not be used for any purposes other than those in this Ordinance without the consent of the Governing Body.

175. **BELFIELD CLARKE BURSARY FUND**
(Minutes 82(ii)/22 & 100(ii)/22)

Whereas in 1999 the College received a legacy from Mr Edward George Walter worth £130,000 “to be used at the College’s discretion in the provision of Scholarships or Annual prizes in Social Sciences” in memory of Dr Cecil Belfield Clarke (1914) but mistakenly placed that sum in the College’s General Endowment Fund; and whereas the terms of the legacy and its current value having been established, the College is determined to act in accordance with Mr Walter’s wishes; and whereas it is agreed that reference in Mr Walter’s will to Scholarships in Social Sciences best equates to bursaries for students studying subjects commonly described as belonging to the social sciences, it is now declared and directed that:

1. The sum of £200,000 shall be transferred from the General Endowment Fund, and this sum, together with any additions made thereto from time to time, shall be invested by the Bursar and shall be known as the Belfield Clarke Bursary Fund. The annual income of the Fund shall be added to the capital of the Fund.
2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
3. The amount so appropriated may be applied as part of the College’s arrangements for means-tested entrance bursaries, by supporting such bursaries for qualifying undergraduate members who are undertaking studies in social science subjects, including Archaeology, Economics, History, Land Economy, Law, Politics and International Studies, Social Anthropology, and Sociology.
4. In accordance with its statutory power to apply the surplus income of a trust fund within the general educational purposes of the College, any remaining portion of the amount so appropriated shall be used in the following order of preference:
 - (i) to support bursaries for postgraduate members in financial need who are studying social science subjects;
 - (ii) to support bursaries for undergraduate or postgraduate members in financial need.
5. Awards wholly or significantly supported by the Fund shall be designated ‘Belfield Clarke Memorial Bursaries’ or in some suitable way that recognises the contribution of the Fund. Recipients of bursaries from the Fund shall be made aware of the provenance of their award.
6. Any portion of the amount so appropriated under paragraph 2 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.
7. The capital of the Fund shall not be used for any purposes other than those in this Ordinance without the approval of the Governing Body.

176. **COLLEGE SCHOLARSHIP FUND**
(Minutes 82(iii)/22 & 100(iii)/22)

Whereas from its foundation until the mid-twentieth century, the College has received monetary and other gifts to support academic scholarships for student members; and whereas in 1983 the Governing Body agreed (M.12) to stop awarding renewable scholarships on the basis of performance in the Cambridge Colleges Examination and in 1984 (M.123) instead to award annual academic scholarships on the basis of Tripos performance (including preliminary or equivalent examinations held by the College); and whereas in 1987 the Governing Body began attaching the names of the principal scholarship donors over the centuries to the scholarships so awarded and supported by the College's general scholarship fund; and whereas it is thought fitting to embody and clarify these matters by Ordinance, it is now declared and directed that:

1. The existing fund, together with any additions made thereto from time to time, shall be invested by the Bursar and shall be known as the College Scholarship Fund. The annual income of the Fund shall be added to the capital of the Fund.
2. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
3. The amount so appropriated may be applied to support academic scholarships and associated prizes awarded to student members of the College, in accordance with the terms and conditions specified by the Governing Body from time to time.
4. Scholarships wholly or significantly supported by the Fund shall be designated in a way that recognises the contributions of new donors and of donors over the centuries, even if it has become impossible to determine the extent of the support currently provided by such historic donors. The contributions of the following donors have been recognised by the College:

7. The capital of the Fund shall not be used for any purposes other than those in this Ordinance without the approval of the Governing Body.

177. UNDERGRADUATE TRAVEL FUND
(Minutes 102/22 & --/22)

Whereas since 1980s the College has received gifts from members, friends and supporters with the purpose of supporting undergraduate travel, which the College has established as distinct Funds governed by separate ordinances; and whereas the number of these separate Funds has become sufficiently large that the gifts would be more effectively administered as a single Fund which recognised the several contributions, it is now declared and directed that:

1. The ordinances separately governing the J & O Lloyd Fund, the George Reeve Fund, the Helen Cawthray Memorial Fund, the Robin Gold Travel Fund, the Bhav Patel Memorial Fund, the Pennell-Westcott Travel Fund, and the Nedas Family Travel Award Fund are repealed and replaced by the present Ordinance.
2. The sums which hitherto comprised the abovementioned Funds shall be invested by the Bursar and, together with any additions made thereto from time to time, shall be known as the Undergraduate Travel Fund. The annual income of the Fund shall be added to the capital of the Fund.
3. The Governing Body may, at its discretion, appropriate for expenditure so much of the fair value of the Fund as it considers prudent in all the circumstances, having regard to the total return achieved and reasonably to be expected.
4. From the amount so appropriated, the Financial Tutor may make travel awards to individual undergraduate members of the College, on the recommendation of the tutors.
5. A student wishing to apply for an award must make application to the Student Services Office setting out the proposed itinerary, the cost, and any other sources of financial assistance that have been sought or received.
6. In accordance with its statutory power to apply the surplus income of a trust fund within the general educational purposes of the College, any remaining portion of the amount so appropriated shall be applied by the Financial Tutor to support other extra-curricular activities carried out by undergraduate members of the College, including through student College clubs and societies, on the recommendation of the tutors.
7. Any portion of the amount appropriated under paragraph 3 not spent as provided by the terms of this ordinance or in accordance with other lawful authority shall be returned to the capital of the Fund.
8. The capital of the Fund shall not be used for any other purpose without the approval of the Governing Body.
9. Recipients of awards from the Fund shall be made aware of the provenance of their award, namely, the generosity of the following:
 - (i) the J & O Lloyd Trust (1986);
 - (ii) the friends of the late Mr George Hewett Reeve (1940);

- (iii) the friends of the late Ms Helen Cawthray (1983);
- (iv) the late Mr Robin Gold (1929);
- (v) the family and friends of the late Mr Bhav Patel (1997), who also allocated a portion of their gift to the refurbishment of the College cricket pavilion;
- (vi) Mrs Mary E.D. Pennell, in memory of her late husband the Revd Thomas Edward Nickson Pennell (1924);
- (vii) the late Mr George Bernard Westcott (1928);
