Creating a safer
Cambridgeshire

September, 2011

Welcome to Cambridge

I hope you will enjoy a productive and rewarding time whilst studying. I would like to offer some simple crime prevention advice that may help you avoid becoming a victim of crime whilst a student.

Nationally 1 in 3 students are victims of crime while they are at University. Although Cambridge is one of the top 10 safest cities for students, it is always wise to take some simple measures to reduce the risk of you becoming a victim of crime.

The enclosed leaflets give you practical information and details of relevant websites to help improve your security and personal safety.

Only you can prevent yourself from becoming a victim of crime. Many crime prevention measures can be organised before you arrive at University such as, registering your personal property for free (laptops, iPods, cameras, cycles etc) on www.immobilise.com. Other measures are as simple as locking your doors and windows when you leave your room.

If you are intending to use a cycle whilst at Cambridge please remember to bring a robust lock and a good set of working lights. A cycle helmet is also a good idea!

Cambridge is a safe and vibrant city in which to live, work and study and I wish you every success with your studies.

If you have any further questions or comments please do not hesitate to contact me.

Yours sincerely

Simon Railer
