College Chaplaincy

The College Chaplaincy extends far beyond what goes on in the Chapel. It is part of the College welfare and pastoral support system. The Chaplain is available to all Students, Fellows and Staff regardless of their religious tradition or denomination or indeed to those who have no religious convictions.

The Chapel is open to everyone from early morning until late at night for prayer and reflection, or for quiet conversation in the Ante-Chapel. The Chapel community is an inclusive community, whose fellowship and activities are open to anyone interested in participating.
